

Dyffryn Seaside Estate

Dear Customer

I am in the process of organising the winter storage facility that we offer.

As usual due to a limited number of spaces we will be operating on a 1st come 1st served basis.

If you require winter storage which will be from the 1st December 2025 to 1st March 2026 please can you complete the enclosed form and return it to us at which point we will contact you to process the **£210.00** payment. The quickest way to return this is by email.

Please note that only those returning for the 2026 season may place their caravans into winter storage, therefore you must have returned your booking form and £100 deposit to us before we can accept your winter storage application and payment of £210.

We are no longer accepting cheques. Payment can be made by card over the phone, BACS, or cash.

If you are paying by BACS, please call us to ensure you have been successful in securing a spot in storage before making payment.

If successful in securing winter storage, please ensure that your caravan is ready to be towed. We ask that you remove all wheel clamps and hitch-locks before leaving for the season, and that everything apart from a single shed or storage box is taken home with you. This includes garden furniture, fencing, sandbags etc). Anything left behind will be disposed of.

If you are planning to have your touring caravan serviced between seasons, please let us know so we can position your caravan at the front of those in storage to make it easier for removal from storage. Also, please note that you will not be able to have your caravans removed from storage during our annual Christmas break. This will be between the 17th of December and the 6th of January.

Kind Regards

Darren & Yvonne
